NO.	MONTH.		PAGE.
297	(January.)	Experiments on the Flow of Water in a 48-inch Pipe. Read October 1, 1884.—F. P. STEARNS.....	1
	(do.)	Discussion on Experiments on the Flow of Water in a 48-inch Pipe: By RUDOLPH HERING..... By SAMUEL H. YONGE..... By F. P. STEARNS..... By EDWARD B. DORSEY..... By WM. R. HUTTON.....	<span style="float: right;">8</span> <span style="float: right;">9</span> <span style="float: right;">13, 16</span> <span style="float: right;">16</span> <span style="float: right;">16</span>
298	(do.)	Commercial Cities : The Law of their Birth and Growth. Read November 5, 1884.—ALFRED F. SEARS.....	19
	(do.)	Discussion on Commercial Cities : The Law of their Birth and Growth: By JOHN BOGART..... By ALFRED F. SEARS..... By GEORGE S. MORISON.....	<span style="float: right;">28</span> <span style="float: right;">28, 33</span> <span style="float: right;">30</span>
299	(February.)	The Radical Enlargement of the Artificial Water-way between the Lakes and the Hudson River. Read at the Annual Convention, June 10, 1884.— E. SWEET.....	37
	(do.)	Discussion on the Radical Enlargement of the Artificial Water-way between the Lakes and the Hudson River: By E. L. CORTHELL..... By EDWARD P. NORTH..... By WILLARD S. POPE..... By O. M. POE..... By M. M. DRAKE..... By A. P. BOLLER..... By E. H. WALKER..... By E. S. CHESBROUGH..... By W. W. EVANS..... By T. C. CLARKE..... By N. M. EDWARDS..... By W. E. MERRILL..... By JOHN D. VAN BUREN..... By D. FARREND HENRY..... By O. CHANUTE..... By CLEMENS HERSCHEL..... By J. NELSON TUBBS..... By T. C. KEEFER..... By SIMON STEVENS..... By ROBERT L. HARRIS..... By THEODORE COOPER..... By F. COLLINGWOOD..... By E. SWEET.....	<span style="float: right;">43</span> <span style="float: right;">50</span> <span style="float: right;">82</span> <span style="float: right;">86</span> <span style="float: right;">88</span> <span style="float: right;">93</span> <span style="float: right;">95</span> <span style="float: right;">95</span> <span style="float: right;">95</span> <span style="float: right;">100</span> <span style="float: right;">101</span> <span style="float: right;">103</span> <span style="float: right;">105, 137</span> <span style="float: right;">112</span> <span style="float: right;">115</span> <span style="float: right;">118</span> <span style="float: right;">124</span> <span style="float: right;">124</span> <span style="float: right;">126</span> <span style="float: right;">126</span> <span style="float: right;">127</span> <span style="float: right;">127</span> <span style="float: right;">128, 139</span>
	(March.)		

## IV

NO.	MONTH.		PAGE.
300	(April.)	Record of Tests of Cement made for Boston Main Drainage Works, 1878-1884.	
		Presented April 15, 1885.—ELIOT C. CLARKE.....	141
301	(do.)	Chimney Construction :	
		The Pacific Mills Chimney at Lawrence, Mass., U. S. A. HIRAM F. MILLS.....	171
		The Merrimack Manufacturing Company's Chimney at Lowell, Mass. J. T. BAKER.....	175
		The Station B Chimney of the New York Steam Co. CHARLES E. EMERY.....	180
		Discussion on the Station B Chimney of the New York Steam Co.: By WM. E. WORTHEN..... By CHARLES E. EMERY..... By WM. G. HAMILTON..... By THEODORE COOPER..... By F. C. PRINDLE..... By A. FYELEY..... By J. P. DAVIS.....	184 184, 185 184, 185 184, 185 185 185 185
		The "Crimoline" Chimneys of the Cambria Iron Company at Johnstown, Pa. GEORGE WEBB.....	186
302	(May.)	The Problem of the Submerged Weir. Read June 17, 1885.—CLEMENS HERSCHEL.....	189
303	(do.)	Structural Steel. Read at the Annual Convention, June 10, 1884.— EDWARD B. DORSEY.....	197
304	(do.)	Electrical Transmission from Niagara. Read at the Annual Convention, June 10, 1884— BENJAMIN RHODES.....	205
305	(do.)	Harbor Works at Copenhagen, Denmark. Read January 7, 1885.—H. C. V. MOLLER.....	212
306	(do.)	Discussion on Levee Theory Tested by Facts : By J. A. OCKERSON.....	219
307	(June.)	Annual Address. Read at the Convention of the Society, Deer Park, Md. June 24, 1885.—FREDERIC GRAFF.....	227
308	(do.)	Description of some Experiments made on the Providence, R. I., Water-works, to ascertain the force of Water Ram in Pipes. Read November 19, 1884.—EDMUND B. WESTON.....	238
309	(July.)	Report of the Committee on the Preservation of Timber. Presented and Accepted at the Annual Convention, June 25, 1885.....	247
310	(August.)	Appendices to the Report of the Committee on the Preservation of Timber. Appendix No. 2.—Kyanizing. J. B. FRANCIS..... Appendix No. 3.—Kyanizing on the Eastern Railroad. H. BISSELL.....	297 301

## V

NO.	MONTH.		PAGE.
310	(August.)	Appendices to the Report of the Committee on the Preservation of Timber. (Continued.)	
		Appendix No. 4.—Burnettizing on Central Vermont Railroad. J. W. HOBART .....	303
		Appendix No. 5.—Burnettizing on the Boston and Albany Railroad. EDWARD S. PHILBRICK .....	303
		Appendix No. 6.—German Experience with Preserved Railroad Ties. Privy-Councillor FUNK.....	306
		Appendix No. 7.—Burnettizing and Creosoting on Chicago, Rock Island and Pacific Railway. M. ALEXANDER .....	321
		Appendix No. 8.—Burnettizing on Lehigh and Susquehanna Railroad. L. L. BUCK.....	323
		Appendix No. 9.—Burnettizing on Havre de Grace Bridge. EDWARD LARKIN.....	324
		Appendix No. 10.—Description of Thilmany Process.—American Wood Preserving Works. O. THILMANY.....	325
		Appendix No. 11.—Description of the Wellhouse Process.—St. Louis Wood Preserving Company. Jos. P. CARD.....	327
		Appendix No. 12.—Description of the Gypsum Process.—American Wood Preserving Company. THEO. PLATE.....	331
		Appendix No. 13.—Creosoting on New Orleans and Mobile Railroad. J. W. PUTNAM .....	333
		Appendix No. 14.—Remarks on Creosoting. EDWARD R. ANDREWS.....	339
		Appendix No. 15.—Creosoting on Houston and Texas Central Railway. M. G. HOWE.....	346
		Appendix No. 16.—The Boucherie Process in Europe. E. PONTZEN.....	348
		Appendix No. 17.—Report on Economy of Burnettizing. O. CHANUTE .....	350
		Appendix No. 18.—Economy of Creosoted Ties. EDWARD R. ANDREWS .....	353
		Appendix No. 19.—Economy of Preserving Timber. B. M. HARROD.....	356
		Appendix No. 20.—Formulas for Computing Comparative Economy of Railroad Ties. ASHBEL WELCH.....	358

NO.	MONTH.		PAGE.
311	(September.)	The Preservation of Forests.—Appendix No. 1 of the Report of the Committee on the Preservation of Timber.	
		Read at the Annual Convention, June 25, 1885.— F. COLLINGWOOD.....	361
312	(do.)	Discussions on the Report of the Committee on the Preservation of Timber, and on the Preservation of Forests :	
		By JAMES B. FRANCIS..... 372, 378, 392 By E. A. FUERTES..... 373, 374, 380 By D. J. WHITTEMORE..... 374 By T. EGLESTON..... 374, 379, 380, 393, 395 By J. J. R. CROES..... 375, 377, 378, 394 By J. F. FLAGG..... 377, 392 By CHARLES LATIMER..... 377, 378, 380, 396 By A. W. LOCKE..... 379 By EDWARD P. NORTH..... 379, 395 By J. F. CROWELL..... 380 By F. COLLINGWOOD..... 381, 392, 396 By C. J. H. WOODBURY..... 388 By MENDES COHEN..... 392 By A. M. WELLINGTON..... 393, 394, 395 By GUSTAV LINDENTHAL..... 397 By O. CHANUTE..... 398 By J. N. TUBBS..... 398	
313	(October.)	New Method of Making Conventional Signs on Original Topographical Maps.	
		Read at the Annual Convention, June 26, 1885.— J. A. OCKERSON.....	399
314	(do.)	Power Brakes for Freight Trains.	
		Read at the Annual Convention, June 26, 1885.— WILLIAM P. SHINN.....	405
315	(November.)	Report of the Committee on a Uniform System for Tests of Cement.	
		Presented at the Annual Meeting, January 21, 1885....	475
316	(do.)	The Behavior of Cement-Mortars under various Contingencies of Use ; with a Brief Discussion of Several Tests.	
		Read November 4, 1885.—F. COLLINGWOOD.....	491
317	(do.)	The Cantilever Bridge at Niagara Falls.	
		Read March 4, 1885.—C. C. SCHNEIDER.....	499
....	(December.)	Discussion on the Cantilever Bridge at Niagara Falls :	
		By JAMES CHRISTIE..... 543 By T. C. CLARKE..... 544 By CARL GAYLER..... 546 By J. D. HAWKS..... 549 By C. A. MARSHALL..... 550, 573, 588 By JOS. M. WILSON..... 551 By FREDERICK H. SMITH..... 552 By GEO. S. MORRISON..... 552 By HENRY W. WILSON..... 553 By THEODORE COOPER..... 553, 556, 591, 594 By CHARLES MACDONALD..... 556 By F. COLLINGWOOD..... 557, 582, 592, 593 By PERCIVAL ROBERTS, JR..... 565, 583, 594 By E. B. DORSEY..... 568	

## VII

NO.	MONTH.	PAGE.
....	(December.) Discussion on the Cantilever Bridge at Niagara Falls. (Continued.)	
	By CHARLES DOUGLAS FOX.....	570
	By B. BAKER .....	571
	By G. LINDENTHAL .....	575
	By WILLIAM SELLERS.....	581, 582, 593
	By C. L. STROBEL .....	583, 589, 595
	By JAMES G. DAGRON.....	589
	By O. CHANUTE.....	594
	By F. G. DARLINGTON.....	595, 596
	By WILLIAM H. BURR.....	596
	By ERNEST PONTZEN.....	597
	By C. C. SCHNEIDER .....	598

## ILLUSTRATIONS.

PLATE.	MONTH.		PAPER.	PAGE.
.....	(January.)	Diagram Illustrating Discussion by Samuel H. Yonge, on Flow of Water in Pipes.....	297	11
I.	(February.)	Diagram showing the Movement of Freight in Ton Miles on the New York Central Railroad, the Erie Railway, and the State Canals, with the Freight and Tolls received therefor, and the rate per Ton Mile—Illustrating Discussion by E. P. North...	299	76
II.	(April.)	Appliances for Testing Cement.....	300	170
III.	(do.)	Diagram of Strength of Cements.....	300	170
IV.	(do.)	do. do. do. ....	300	170
V.	(do.)	Diagram showing resistance of Cement-Mortar to Abrasion.....	300	170
VI.	(do.)	The Pacific Mills Chimney at Lawrence, Mass....	301	174
VII.	(do.)	The Merrimack Manufacturing Company's Chimney at Lowell, Mass.....	301	178
VIII.	(do.)	Top of Chimney of Merrimack Manufacturing Company .....	301	178
IX.	(do.)	Plan of Station B, New York Steam Company.....	301	184
X.	(do.)	Chimney of Station B, New York Steam Company..	301	184
.....	(do.)	Section of Hoop for "Crinoline" Chimney.....	301	186
XI.	(do.)	"Crinoline" Chimney of the Cambria Iron Company, at Johnstown, Pa.....	301	188
XII.	(May.)	Diagram Illustrating the Problem of the Submerged Weir.....	302	196
XIII.	(do.)	Map of City and Harbor of Copenhagen.....	305	218
XIV.	(do.)	Bulkhead in 20 feet of Water, Harbor of Copenhagen.	305	218
XV.	(do.)	Bulkhead in 10 feet of Water, Harbor of Copenhagen.	305	218
.....	(do.)	Cut Illustrating Discussion on Levees Theory.....	306	222
.....	(do.)	do. do. do. ....	306	223
XVI.	(do.)	Mississippi River, near the Mouth of the Red River, in 1774 and in 1883.....	306	226
XVII.	(June.)	Arrangement of Pipes for Experiments on Water Ram.....	308	246
XVIII.	(do.)	Indicator Diagrams of Force of Water Ram.....	308	246
XIX.	(do.)	Diagram of Force of Ram.—As the Diameters.....	308	246
XX.	(do.)	do. do. As the Velocity.....	308	246
XXI.	(do.)	do. do. As the Diameters.....	308	246
XXII.	(do.)	do. do. As the Velocity.....	308	246
XXIII.	(do.)	do. do. As the Diameters.....	308	246
XXIV.	(do.)	do. do. As the Velocity.....	308	246
XXV.	(do.)	do. do. As the Orifices of Discharge.....	308	246
XXVI.	(October.)	Device for Printing Signs on Topographical Maps..	313	402
XXVII.	(do.)	Specimens of Printed Signs and Letters.....	313	404
XXVIII.	(do.)	The Westinghouse Automatic Brake —Freight Brake Reservoir and Brake Cylinder.....	314	421
XXIX.	(do.)	The Westinghouse Automatic Brake.—Freight Brake Triple Valve.....	314	423
XXX.	(do.)	American Brake Company.—Steam Driver and Tender Brake.....	314	425

## IX

PLATE.	MONTH.		PAPER.	PAGE.
XXXI.	(October.)	American Automatic Brake.—Freight Car Brake showing Position of Parts when Car is at Rest...	314	427
XXXII.	(do.)	American Automatic Brake—Plan showing Position of Parts when Car is at Speed.....	314	429
XXXIII.	(do.)	American Automatic Brake.—Elevation showing Position of Parts when Car is at Speed.....	314	431
XXXIV.	(do.)	Diagram of Stops made with Westinghouse Automatic Brake.....	314	435
XXXV.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	441
XXXVI.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	443
XXXVII.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	445
XXXVIII.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	447
XXXIX.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	449
XL.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	453
XLI.	(do.)	Diagram of Stops made with American Automatic Brake.....	314	455
XLII.	(do.)	American Automatic Brake.—Diagram of Strain on Bottom Rod.....	314	461
XLIII.	(do.)	American Automatic Brake.—Diagram of Compression of Draw-bar Spring.....	314	465
XLIV.	(November.)	Details for Cement Briquette.....	315	486
XLV.	(do.)	Standard Form for Briquette Mould.....	315	487
XLVI.	(do.)	Standard Form for Briquette and Clips.....	315	488
XLVII.	(do.)	Fairbanks' Automatic Cement Testing Machine...	315	489
XLVIII.	(do.)	Cement Testing Machines.—Richié Brothers; Tinius Olsen & Co.....	315	490
XLIX.	(do.)	Frazer River Bridge.—Canadian Pacific Railway....	317	500
L.	(do.)	Niagara Cantilever Bridge.—Preliminary Design....	317	500
LI.	(do.)	do. do. General Plan as Built..	317	502
LII.	(do.)	do. do. Masonry Piers.....	317	508
LIII.	(do.)	do. do. Anchorage Piers.....	317	508
LIV.	(do.)	do. do. Strain Sheet of Cantilever and Intermediate Span.....	317	510
LV.	(do.)	Niagara Cantilever Bridge.—Strain Sheet of Tower.	317	510
LVI.	(do.)	do. do. General Plan of Tower.	317	512
LVII.	(do.)	do. do. Details of Tower.....	317	512
LVIII.	(do.)	do. do. Details of Shore Arm...	317	514
LIX.	(do.)	do. do. Details of River Arm...	317	514
LX.	(do.)	do. do. Details of Intermediate Span.....	317	516
LXI.	(do.)	Niagara Cantilever Bridge.—Cross Section over Tower.....	317	518
LXII.	(do.)	Niagara Cantilever Bridge.—Details of Traveler. ....	317	518
LXIII.	(do.)	do. do. Bridge during Erection.	317	520
LXIV.	(do.)	do. do. Arrangement of Targets	317	540
LXV.	(do.)	do. do. Deflections under Test Load.....	317	541
LXVI.	(do.)	Niagara Cantilever Bridge.—Deflections under Test Load.....	317	542
LXVII.	(do.)	Niagara Cantilever Bridge.—From Photograph....	317	542
